

# DIPLOMA OF HIGHER EDUCATION IN PSYCHOLOGY

## Overview

This program is designed in order to provide the students with an in-depth knowledge in the core areas of psychology that is essential to continue their education or training in to core professions in the field of psychology. For example for students planning to become clinical psychologists, completing this program and completing a BSc (Hons) in psychology is a must. Further the DHEP is aimed at equipping the students with a range of transferrable skills that could be applied in many fields, especially in understanding, predicting and influencing humans. For details on progressing or transferring after the DHEP, check the relevant section on page .....
