GCE O/L + Pre Degree Foundation

For non traditional entry routes contact a student adviser.

Assessments

Written Examinations

Course Work

Placement

When I started my BSc in Psychology I was working as a pre-school teacher, but as I progressed through the program I developed a passion for counseling and clinical psychology. I worked at the CIRP Life Center and was able to observe and learn several therapeutic measures. I graduated last year and now I am waiting to start my postgraduate studies in clinical psychology next semester.
